

TALARICO

★ FOR TEXAS ★

No Strings, No Sellouts. James Talarico doesn't take a dime from corporate PACs. He works for Texans, not special interests.

Billionaires Pay Up. Billionaires rig the system for themselves and their friends. James will make them pay their fair share and put that money back where it belongs: in Texas communities.

Repeal Tariffs. James wants to end tariffs that raise prices on everyday goods, saving Texans – and all Americans – money at the checkout line.

Healthcare You Can Count On. James will protect Medicare and Medicaid, lower prescription drug costs, expand access to mental health care, and invest in rural hospitals.

Vote Down Vouchers: James opposes the federal voucher scam, and will fully fund neighborhood public schools.

Strengthening Democracy: He'll ban partisan gerrymandering, take dark money out of politics, and expand access to the ballot box.
